

PROMPT BREAKDOWN

Core Prompting Techniques

1. Clarity vs Wordiness

- Avoid vague prompts like “Give me an idea”
- Use detailed direction: “List 3 punchy blog titles about AI in healthcare”

2. Instruction Type: Open-Ended vs Directive

- Open-ended: “Tell me a creative idea for a short film”
- Directive: “Write a 5-step checklist for launching a product”

3. Tone & Audience Control

- Tailor voice: “Use a friendly tone,” “Make it sound like LinkedIn”
- Define perspective: “Write this like a Google product manager”
